Equality and Community Cohesion Policy

Introduction

This Equality Policy sets out the school's approach to promoting community cohesion, equality and diversity. It covers disability, gender and race/ethnicity, in response to the statutory duties on schools to publish disability and gender equality schemes and a race equality policy.

This Equality Policy statement sets out:

- The school's context
- Aims and values
- The school's overall approach to promoting equality: community cohesion, recognising and celebrating diversity and tackling discrimination
- Specific reference to community cohesion, race equality, disability equality, gender equality
- Roles and responsibilities
- Monitoring, reviewing and assessing impact

The School Context – What sort of school are we?

- St Anne Line Catholic Infant School is a Voluntary Aided two form entry school in Basildon. As a Catholic school it draws pupils from Lee Chapel North and other surrounding areas of Basildon. It was built in 1968 and is a short walk from the centre of Basildon.
- In December 2013, Ofsted inspectors judged it to be a good school with outstanding features. The Brentwood Diocese also inspected the school in October 2008 where the school achieved 'Outstanding'
- The majority of children enter the school having attended the St Anne Line Catholic Nursery School but most others have experienced some form of pre-school at other local settings.
- Pupils with a wide range of attainment, background and ethnicity attend the school. When compared with the national average the numbers of pupils with special educational needs is broadly in line and the percentage of pupils who speak English as an additional language is high.
- Children and their families contribute positively to the cultural diversity of the school. The school has developed international links through CAFOD and the links through the Catholic Church. We are keen to further these links whenever possible.
- Overall, pupils come to school well motivated; they work hard and make the most of their educational experiences. Their parents value the educational provision, are extremely supportive and eager to work in close partnership with the school.
- The school enjoys an excellent reputation for pupil care and well-being and is keen to develop initiatives beyond the demands of the national curriculum.
- The school takes great pride in meeting the individual needs of all pupils.
- Attainment at the end of the key stage is at least in line with or above that of other National schools in English, mathematics and science.
- The majority of families have on-line computer systems at home.

- The local community is used extensively to broaden and enrich the quality of education.
- Our PACT parent association supports the life of the school, raising funds each year to enrich educational provision.

- by ensuring progression through the setting of appropriate goals;
- by preparing him/her for future education and a fulfilling life.
-

Our vision for St Anne Line Catholic Infant School aims to provide an environment where:

- children are happy and highly motivated;
- the quality of teaching and learning enables each child to achieve their best;
- staff are motivated and keen to develop their skills for the sake of the children and their own professional development;
- parents are proud to send their children and enjoy working in partnership with the school.

These aims are designed to ensure that the school meets the needs of all, taking account of gender, ethnicity, culture, religion, language, disability, ability, sexual orientation, age, and social circumstances. We strive to include and engage all pupils and to prepare them for full participation in a diverse society. This school will take steps to:

- promote equality of opportunity and access
- promote racial equality and good race relations
- oppose all forms of prejudice and negative discrimination
- ensure pupils with a disability have access to the school buildings and to the curriculum.

Our approach to promoting equality

- The overall objective of the school's Equality Policy is to provide a framework for the school to pursue its equality duties to eliminate unlawful discrimination and harassment; promote equality of opportunity; and promote good relations and positive attitudes between people of diverse backgrounds in all its activities.
- Through the Equality Policy, the school seeks to ensure that no member of the school community or any other person through their contact with the school receives less favourable treatment on any grounds which cannot be shown to be justified. This covers race, colour, nationality, ethnic or national origin, religion or belief, gender, marital status, responsibility for children or other dependents, disability, sexual orientation, gender reassignment, age, trade union or political activities, socioeconomic background.
- The principles of this policy apply to all members of the extended school community
 - pupils, staff, governors and parents/carers.

A cohesive community

Our school is a Voluntary Aided Infant school and we work closely with our adjoining partner Junior school. We have recently formed a closer partnership with the parish, the diocese and other Catholic schools in the area; the Basildon Catholic Collegiate Trust. This enables us to work more actively with each other and share the good practice of our schools.

We also work proactively with other local schools, and as a member of BEST/BEP (Basildon Education Services Trust) we are to embark upon closer links with a group of five or six schools, through the formation of Cluster Groups. The Cluster Groups will share good practice, offering both expertise and support to schools within the group.

We regularly hold International Celebrations and seek to involve our many families of different cultures.

In order to achieve **a cohesive community**, we endeavour to:

- Promote understanding and engagement between communities
- Encourage all children and families to feel part of the wider community
- Understand the needs and hopes of all our communities
- Eliminate discrimination
- Increase life opportunities for all
- Ensure teaching and the curriculum explores and addresses issues of diversity

Race Equality

- The school is fully committed to meeting its obligations under the Race Relations Amendment Act 2000 and this is reflected in the policy statements above. To meet the specific duties of the RRAA 2000 we will:
- ensure that all pupils and staff are encouraged and able to achieve the best of which they are capable
- respect and value differences between people
- prepare pupils for life in a diverse society
- make the school a place where everyone, taking account of race, colour, ethnic or national origin, feels welcomed and valued
- promote good relations between different racial and cultural groups within the school and within the wider community
- ensure that an inclusive ethos is established and maintained
- acknowledge the existence of racism and take steps to prevent it
- oppose all forms of racism, racial prejudice and racial harassment
- be proactive in tackling and eliminating unlawful discrimination

Disability Equality

The aim of our school is to ensure that wherever possible disabled people have the same opportunities as non-disabled people in their access to education and to prevent any form of unlawful discrimination on the grounds of disability.

Appropriate measures will be taken to ensure that statutory duties are met:

- not to treat disabled pupils and prospective pupils less favourably than other non-disabled pupils
- to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage

In addition, steps will be taken to ensure that employees, and those working with the school:

- support the governing body in meeting their duties
- do not act in such a way that renders the governing body liable to a claim of discrimination.
- Staff and those working within the school community are made aware of the basic requirements of the Disability Discrimination Act and Disability Code of Practice for Schools.

There will be occasions where the treatment of disabled children is different from non-disabled students. In such cases the school will be able to demonstrate that such treatment is justified. The reason for the different treatment will be both material to the circumstances of the particular case and substantial (e.g. health and safety reasons). The school will also demonstrate that all reasonable steps have been taken to avoid the disabled pupil being placed at a significant disadvantage. Careful consideration will be given to how participation can be best facilitated.

The consideration of these factors may lead to the adoption of certain reasonable adjustments rather than others. We recognise that the duty to make reasonable adjustments for disabled students is anticipatory. To meet this duty we will review

policies, practices and procedures to ensure that we do not discriminate against disabled pupils. Examples of the specific measures we will be taking include:

- ensuring providers of facilities for school trips and extra-curricular activities can accommodate disabled pupils before making bookings in advance
- reviewing staffing arrangements to ensure that the school is in a position to administer medication if required
- ensuring our policies and procedures for bullying cover issues of disability
- working closely with parents and disabled pupils to identify potential barriers to participation and devising reasonable adjustments to overcome them
- ensuring that staff are briefed on the Disability Code of Practice for schools issued by the Disability Rights Commission

We will also take reasonable steps to find out whether prospective or existing pupils have a disability. This will include:

- creating an ethos and culture which is open and welcoming so that parents and pupils feel comfortable about sharing information about the disability
- asking parents during the admissions process about the existence of any disability
- providing continuing opportunities to share information (e.g. when seeking permission to go on a school trip)
- monitoring levels of participation, achievement and behaviour that may indicate a disability that has not been identified and referring the matter to specialist agencies

Our school believes that improving access to education and educational achievement by disabled pupils:

- ensures equality of opportunity
- encourages full participation in society
- improves the likelihood of independent living and economic self-sufficiency in the future.

We believe that disabled people should be valued for what they can do rather than labelled for what they cannot.

- We improve the accessibility of the physical environment within the resources available in response to needs arising.

We identify and monitor the performance of different groups of pupils:

- boys/girls; minority ethnic groups; SEN; disabled pupils; “Looked After” pupils; EAL; chronic medical conditions.
- Assessment procedures take into account the SEN Code of Practice (2015) and its Toolkit; the needs of EAL pupils; the needs of minority ethnic pupils.
- We have procedures for involving all parents/carers in their children’s learning and we monitor this involvement and the outcomes.
- We have procedures for involving all pupils in their own learning and we monitor this involvement and the outcomes.

Educational inclusion is an integral part of the school development programmes, continuous professional development and governors’ meetings.

- We deploy resources to pupils with SEN in excess of the expectations of the SEN Code of Practice 2015

Gender Equality

- The school promotes equality of opportunity between males and females and endeavours to eliminate all unlawful sex discrimination and harassment. Conditions for learning (eg. environment, teaching and learning, resources, social and emotional aspects of learning) provide equal access and opportunities to both boys and girls.

Roles and responsibilities

All who work in the school have a responsibility for promoting equality and inclusion, and avoiding unfair discrimination.

Our governors are responsible for:

- Making sure the school complies with all current equality legislation
- Making sure this policy and its procedures are followed

The Headteacher is responsible for:

- Making sure the policy is readily available and that the governors, staff, pupils and their parents know about it

- Producing regular information for staff and governors about the policy and how it is working, and providing training for them on the policy, if necessary making sure all staff know their responsibilities and receive training and support in carrying these out
- Taking appropriate action in cases of harassment and discrimination

All our staff are responsible for:

- Dealing with racist, sexist and homophobic incidents, and being able to recognise and tackle bias and stereotyping
- Promoting equality and good community relations and avoiding discrimination against anyone for reasons of race, colour, nationality, ethnic or national origins, gender, disability, religion or belief, sexual orientation or socio-economic circumstances
- Taking training and learning opportunities

Responsibility for overseeing equality practices in the school is as follows:

- Coordinating and monitoring work on equality issues (Headteacher and Deputy Head)

- Dealing with and monitoring reports of harassment, including racist and homophobic incidents (Headteacher and Deputy Head)
- Monitoring the progress and attainment of vulnerable groups of pupils e.g. Black and minority ethnic pupils, including Gypsies and Travellers (Inclusion Manager for EAL)
- Monitoring exclusions (Headteacher and Deputy Head)

Monitoring, reviewing, assessing impact

This policy will be regularly monitored and reviewed by staff and governors to ensure that it is effective in tackling discrimination, promoting access and participation, equality and good relations between different groups, and that it does not disadvantage particular sections of the community.
